10 Fun & Easy Ways to Learn English Faster

#1: Find some English radio stations and podcasts in iTunes

There are tons of podcasts about all topics imaginable these days: entertainment, politics, news. Look for one that interests you and listen to it.

#2: Check out the Top Videos on YouTube and watch for at least a few minutes

Most of them are hilarious! It will be so worth it.

#3: Talk and sing to yourself in English

When you are alone at home, or of course in the shower, start talking! Sing a song in English the way it sounds to you, talk about the weather or any other topic.

#4: Do you have an English-speaking idol? Go to YouTube and watch all of his/her interviews in English

You can spend hours listening to interviews and it sure won't feel like studying.

#5: Sit near people who are speaking English on the bus or in the park.

How much did you understand? What general topic were they talking about?

#6: Pay attention to billboards, signs, advertisements, magazine stands and establishment names

Look and think about what these ads mean. How many words do you recognize?

#7: Love music? Try figuring out the words/lyrics of your favorite songs

Watch video clips with lyrics on YouTube, sing along and read the translation.

#8: Watch TV clips, episodes or soap operas in English

It doesn't matter if you don't understand what they're saying, watch anyway!

#9: Engage in a conversation on Facebook with friends who post in English

When you have English speakers in your timeline, you see their posts daily and get inside information about news and viral videos in English.

#10: Produce, produce, produce. No matter how shy you are or how much you don't "get" English, force yourself to speak

Talk to your teacher in English. When travelling, ask around for directions in English.
